General Directions to Customers

The attention of customers is respectfully called to the following directions, which will, if followed, be an aid to purchasers as well as to us.

ORDER EARLY. We aim to execute all orders as soon as received, but during the rush season from March to May and again from July to September, slight delays are unavoidable, which, however, can be largely overcome by patrons anticipating their wants and ordering and taking delivery of their requirements early.

SAFE ARRIVAL OF PACKAGES. We guarantee the safe arrival of all goods sent by express or mail to points within the United States. If a package sent by express or mail is injured or lost, we will replace it as soon as informed of the fact. Goods sent any other way are solely at purchaser's risk. When customers fail to receive their packages in a reasonable time they should inform us, and at the same time send a copy of their order and any other information necessary to trace the goods. Claims for damage must be made on receipt of goods. We do not hold ourselves responsible for failure after delivery of the goods in good condition.

ERRORS. We exercise the utmost care in filling orders, yet in the press of business errors sometimes occur, in which event we wish to be promptly notified of the fact, and will make such corrections as will be satisfactory. Please keep copies of all your orders for comparison.

REMITTANCES should be made by Post Office Money Order, Express Money Order or Checks, we disclaim all responsibility when remittances are not made as above directed. Where it is not possible to obtain these, the letter should be registered. Coin should not be sent by mail.

WASHINGTON RESIDENTS must include 3% sales tax with remittance. This is required by the Washington State Tax Commission.

 **Please do not send personal check under \$1.50 unless you** 
add 10 cents for collection fee.

CASH WITH ORDER. Please send money with the order sufficient to cover the whole bill. We decline sending goods "Collect on Delivery" unless remittance be made on account to guarantee acceptance.

NON-WARRANTY. Most of the failures with seeds, plants and bulbs are due to causes entirely beyond our control, such as unfavorable weather or soil conditions, too deep or too shallow planting, etc., which renders it impossible for us to guarantee success, and although we take all possible care to supply only such goods as will, under proper conditions, produce satisfactory results, we will give no warranty as to description, quality or productiveness of any of the seeds, plants or bulbs we send out, and will not be in any way responsible for the crop, and every order for articles named in this catalog will be executed on these conditions only. It must, however, be plain to everyone who gives the matter the slightest thought that it is to our best interests to send out only such stock as will not only grow, but prove true to name and description.

VISITORS always welcome. Iris season May 15th to June 15th. Delphiniums, middle of June through July. Dahlias, August until Frost.

A Choice List of New and Good Old Bearded Iris

(Germanica)

DELIVERY ONLY FROM JULY 15th TO OCTOBER 15th (Not later)

WE RECOMMEND JULY AND AUGUST PLANTING OF IRIS

 Prices in this Iris List supplant those in all previous price lists. Please do not order from previous catalogue.

CANADIAN CUSTOMERS will please add 15c per pound to their order and will have to obtain plant permit from the Plant Bureau at Ottawa before shipment can be made.

IN THE UNITED STATES IRIS ORDERS AMOUNTING TO \$2.00 OR LESS ARE NOT PREPAID, AND MUST INCLUDE 25c POSTAGE WHEN ORDER IS GIVEN.

Prices for Iris as quoted below are for one new plant or one rhizome which will bloom next season and on which the new side shoots or "babies" will develop before winter sets in; this will be your increase for next year. In July and August these new eyes are very small but will grow rapidly during September and October.

AMIGO. A rare color gem that should be in every garden. Standards are a clear light lavender violet. Falls deep hyacinth violet. This beautiful color combination reminds one of a velvety blue purple pansy. Altogether a very rich, lovely Iris that you will love. Height, 34 inches. **75c**

ANITRA. One of the loveliest, clearest pure light blue Irises. Like the lovely color of that old favorite Caleste. The flowers are extra large, of beautiful form and good substance. The standards are domed and the falls broad and flaring. The plants are vigorous and free flowering. It has an Honorable Mention and the rating is high. **35c, 3 for 90c**

ANGELUS. Award of Merit. A lovely pale pink-lavender blended with cream. Large size and fine flaring form. Be assured it is an outstanding Iris. **50c**

AUBANEL. A.M., A.I.S. A lovely "pinkish" blend. Large flowers of shrimp pink with warm yellow throat. F. has a distinct spot of lilac. 38 inches **75c**

BLUE SHIMMER—A new and different Plicata. Clear, sparkling white with an all-over pattern of blue stippling. The clean blue is peppered on the white, in an even manner, rather than the familiar, buttonhole-stitch style. The flowers are very large and full. This is one of the most outstanding irises of the past few years. **\$2.50**

CALIFORNIA GOLD. Magnificent, deep yellow, large blooms. Does not fade. Late blooming. Height, 30 inches. A superb novelty. **35c, 3 for \$1.00**

CALIFORNIA PEACH. A warm peach pink and apricot shaded blend; large blooms of fine forms gracefully placed on tall wide branched stems. Height, 30 inches. Midseason. **\$1.00**

CHINA MAID. The large flowers of beautiful texture are carried on tall graceful stems and are of an exquisite beauty that will thrill you, a lovely blend of pink, golden bronze and soft lilac. It is one of the best introductions in this color class. You cannot help but like it tremendously **70c**

CHEERIO. One of the brightest red, flushed dull gold. "A flame in the garden." Honorable Mention American Iris Society, 1936. Height, 38 inches. One of the best "Reds." **35c, 3 for 90c**

CHRISTABEL. A splendid growing true red. One of the great reds not only for individual exhibition bloom but for the garden also. Its size, vigor and floriferous habit make a clump a perfect mass of glowing copper red. It is one of the most effective Iris in the garden. **50c**

CITY OF LINCOLN. Winner of many honors. A top notch Iris. It was the cynosure of all eyes in our Iris field the past season. A tall, huge striking variegata of clear yellow with velvety bright red falls. 40 inches tall, a perfect beauty when well grown. We are most enthusiastic about this marvelous Iris and any praise given cannot be too high. **60c**

COPPER LUSTRE. A distinctive and unusual Iris. A glowing copper and gold blend, color iridescent like a new copper penny. Height, 30 inches. Mid-season. One of the most noteworthy Iris. **40c**

DEEP VELVET. Perfect formed blooms with marvelous silken sheen, not velvety, but a very deep, clear purple-violet. The combination of deep silky glisten with haft shading to claret brown and dusky gold beard give it color from the depths. Scented. Height 36 inches. **\$1.00**

EASTER MORN. A giant white on tall branched stalks, flaring falls. Very distinct. Mid-season. Height, 4 feet. Hardy everywhere. **35c, 3 for 90c**

- ELMOHR.** Winner of the Dykes Medal in 1945, this rich red-violet seedling of Wm. Mohr has acquired the greatest popularity in the shortest time of any Iris ever introduced. One of the very largest of all Irises, the great blooms are daintily ruffled, of a silky texture and remarkable substance. The stems are well branched and at least three feet tall. Because it has proven to be hardy everywhere and increases rapidly, the price has reached a point where every genuine Iris connoisseur can and should own it **\$1.00**

A light blue color which is of great purity is overlain with a silvery mist producing a "powder blue" or French blue effect. This serene iris of opulent oval form and enamel-like finish is a most reposeful color. Height, 36 inches. **50c**
- FAIR ELAINE.** A very lovely outstanding new Iris. The first yellow bi-color. Standards cream-white; the falls rich gold with a deep gold beard. A distinct innovation in the class of yellow Iris and a splendid achievement of Mr. Mitchell. We cannot recommend this Iris too highly. **75c**
- FRIEDA MOHR.** One of the best Iris in the world. Large, deep pink tones; perfect form, brilliant color. Long flowering season. Height, 42 inches. **35c, 3 for 90c**

- GOLDEN TREASURE.** Award of Merit. An exquisite solid deep-cream Iris of scintillating silkiness in the golden center of the flower. It is tall, perfectly branched and very floriferous. You will love it. **40c**
- GRAND CANYON.** A subtle deep colored blend of plum, copper and gold with center brightened by a gold beard and throat. An Iris that is best when admired at close range. - MARQUITA** (Cayeux). Huge flowers of creamy yellow standards with falls of the same color lined ruby. most beautiful distinct Iris, 42 inches tall. Always an early sell-out. **40c**

- MATTERHORN.** The finest **pure white**. Of faultless, beautifully rounded form, generous size without a trace of foreign color. - MT. WASHINGTON.** A giant white with the form of Shining Waters. Very tall, wide at the hafts and broadly flaring, it ranks with the leaders among the new whites. Heavy gold beard. Honorable Mention American Iris Society, 1939; Award of Merit, 1940. **75c**
- MULBERRY ROSE.** Unlike any other Iris. One of the most unusual colors that has been developed in Iris in the last few years. It is thought by experts to be one of the few finest Iris of late years. The large blooms of radiant, beautiful mulberry rose (in the deep pink class) are on tall, well-branched stems. A glorious unusual novel color. **\$1.25**
- NARANJA.** Richest of all the yellows; huge blooms. Falls distinctly orange. Standards bright yellow. Honorable Mention American Iris Society, 1936. Late. Height, 40 inches. A most distinctive Iris. **35c, 3 for 90c.**
- OLA KALA.** This is one of the best of the deep yellows. So intensely yellow it is almost on the orange side. Rich in color, brilliant in effect. A flaring, lightly ruffled flower on tall stem withstanding weather to a very great degree. It is an Iris people talk about and this is high praise indeed as we have an abundance of good yellow Iris and when one stands out it must be good. Height 36 inches. **\$2.50**
- ORMOHR.** Another Wm. Mohr seedling and the best so far. Perfectly hardy and easy to grow. Three feet tall with giant flowers of a uniform gray-lavender, veined violet. A faint rosy glow envelopes the entire flower and unlike the short William Mohr it has tall stems branching near the top. A gorgeous and unusual Iris. **50c**
- PRAIRIE SUNSET.** The new sensation in the Iris world. A magnificent sort by the famous Hybridiser, H. P. Sass. A color combination that reminds one of a glorious glowing sunset. DUTCH IRIS. These charming orchid-like Iris bloom last of May into June. Ideal cut flower for Decoration Day. In choice mixture of blue, yellow and white, and their combination.

Per Doz. 90c Postpaid; Per 100 \$7.00 Postpaid

DUTCH IRIS "TINGITANA"

The largest of all. Huge flowers of azure-blue and a golden spot in center. Blooms earlier than the others with Tulips and Azaleas. These are the flowers you see in the florists windows in early Spring; they force well. Not hardy in cold Northern States unless well mulched. (Not less than 6 sold). **Large bulbs \$1.00 per Doz.; 25 for \$1.75; 2nd size 75c Doz.; 3 Doz. \$2.00 Postpaid**

Notice about planting Dutch Iris. Plant them as late in the fall as possible to prevent them from making a top Fall growth, which a severe cold early spell might hurt the bulbs. As soon as the ground freezes mulch them with dead leaves or evergreen boughs. Straw is not good for any mulching for it packs and is apt to harbor mice during the winter.

REGAL LILIES

This loveliest of all lilies is a well known favorite that should be in every garden. Of easy culture, but should be planted deep, in a well drained location. A rich sandy loam is best. Plant a group of these bulbs and you will be thrilled with their stately beauty next summer.

7/8 In. circ. Blooming size

3 for 95c

9/10 In circ. A large size bulb that will bloom handsomely

45c each; 3 for \$1.30

11/12 In. circ. Mammoth bulbs that make a grand display in your garden the first year.
